

# Birthday Club

Dear Parent/Guardian:

The anniversary of any child's birth is always an exciting time for the entire family, and our staff truly hopes each student has a memorable birthday. Unfortunately, we are bound by a nutrition policy that restricts certain food/snack items from being distributed in school. For this reason the following items may not be served, sold, or given out as a free promotion when school is in session:

- A. All forms of candy.
- B. All food and beverage items listing sugar, in any form, as the first ingredient.
- C. Foods of minimal nutritional value (FMNV) as defined by the U.S. Department of Agriculture regulations.

For your convenience our food service, NutriServe, offers a healthy policy abiding alternative. Please see below for the acceptable snack information provided by our food service.

The Birthday Club provides you the opportunity to purchase one of the treats below and a 100% fruit juice, that is placed in a colorful "birthday bag" for every student in your child's classroom. Each child would receive the birthday bag in the cafeteria during your child's lunch time. The cost for this Birthday Treat is \$1.00 each.

**Note:** Please place order at least one week in advance of birthday club celebration date, and send order form with payment at time of order. Thank you.
