Reread to make sure you understand what you are expected to do. Repeat the directions in your own words. Look at these three examples:

1. Fill in the circle of the word that means the **OPPOSITE** of the underlined word.
2. Fill in the circle by the answer that **BEST** completes the sentence.
3. Fill in the circle by the answer that has the **same or almost the same** meaning as the **boldfaced** word.

Build New Words

Use Suffixes Some suffixes turn words into nouns. Three noun-making suffixes are *-ion*, *-ness*, and *-ment*. Use these suffixes to make nouns from *saturate*, *contaminate*, *nourish*, *sumptuous*, and *satiate*. Make any needed spelling changes, and check spellings and meanings in your Word Wisdom Dictionary. Then write a phrase to show the meaning of the new word. An example is shown in the first row of the chart.

Word	+ Suffix	= New Word	Phrase
saturate	-ion	saturation	saturation of pancakes with syrup
contaminate			
nourish			
sumptuous			
satiate
